Heritage Thermal Services is pleased to offer environmental grants again for 2019. We will award grants to deserving nonprofit groups and schools, ranging from $100 to $1000 for a total of $6,500.

Eligible projects are those that directly benefit the environment of the tri-state area. Recent winners include recycling and cleanup projects, creating a wildlife habitat and purchasing materials for environmental education. Schools and nonprofit organizations within a radius of 15 miles of the facility are eligible to apply.
